

There are always 2 exteriors in this world, the far left and the far right. While Prime Minister **Scott Morrison** is doing everything to eradicate this virus of Wuhan, the terrorists of the **Myanma** junta are murdering healthcare workers! Can anyone tell Myanma's brainless policemen and SAC soldiers that "the whole world is running away from the Chief Terrorist, Min Aung Hlaing !? So who's going to take care of their wives and children? Anyway? , the effectiveness of the Pfizer vaccine against #DeltaVariant is decreasing, I hope they have a magic cure for covid and its variants.

Il y a toujours 2 extremes dans ce monde, l'extrême gauche, et extrême droite. Pendant que le Premier ministre **Scott Morrison** fait tout pour éradiquer ce virus de Wuhan, les terroristes de la junte de Myanma assassinent des travailleurs de la santé! Est-ce que quelqu'un peut dire aux policiers et les SAC soldats sans cervelles de Myanma que "le monde entier fuent le Terroriste en chef, Min Aung Hlaing!?! Alors qui va prendre soin de leurs femmes et leurs enfants? De toute façon, l'efficace du vaccin Pfizer contre #DeltaVariant diminue. J'espère qu'ils ont un remède magique contre la covid et ses variants.

*...NEAR VERTICAL—The South is now seeing #DeltaVariant in its true vertical exponential form. So many not vaxxed. Short of lockdowns, it now all comes down to masks, ventilation & **air disinfection**—but if Delta has  $R0=6$ , it's hard to bend curve; if  $R0=8$ , it's almost impossible. Thread*

Prof. : Ryan Imgrund : This is the contact tracing map associated with ONE case of COVID in a man who travelled to Victoria. They found 14 linked cases. It's not a mystery why Australia is doing so great when it comes to COVID-19.
