

After 18 months, it's time for you to take the initial step to protect yourself. For example, Quebec, Alberta, British Columbia and Ontario are determined to take almost criminal underhand measures that have allowed the infection of children with # covid19. Take a look at [@DrEricDing](#), [@Cleavon\\_MD](#) to find out the victims of this Chinese Wuhan virus and its variants...

Après 18mois, il est temps que vous prenez l'initiative de vous protéger. Par exemple, Québec, Alberta, Colombie-Britannique et Ontario sont entêtés à prendre des mesures sournoises quasiment criminelles qui ont permis l'infection des enfants par le #covid19. Here are numbers: 1 in 5, 20%, 294,036 you will not hear from any CMHO or Premier in [#Quebec](#) [#Ontario](#) [#Alberta](#) [#BC](#). they are the numbers of children who have contracted [#COVID19](#) in these provinces. They will not admit that transmission is happening in the community & in schools
