

Message to the Thai people : Did you know that Canada exports quality pork? So while you wait for your stupid soldiers to start raising pork, why not import some quality pork from Canada? Tell your fool leaders to check out the **@protect_BC**, **@PopAlberta**, and **@jvipondmd**, **@KashPrime**, **@DrEricDing**, **@Cleavon_MD** twitter accounts. Finally, repeat to your brainless authorities that covid-19 is not finished and that instead of selling the anti-covid vaccines to your population, they should instead offer them for free; otherwise the pandemic will last forever! Maybe that's why your so-called king flees to live cushy in Zurich, Switzerland!

Message au peuple thaïlandais : Saviez-vous que le Canada exporte du porc de qualité? Alors en attendant que vos soldats stupides commencent à élever de porc, pourquoi ne pas importer du porc de qualité du Canada? Dites à vos niais de dirigeants de consulter les comptes **twitter @protect_BC**, **@PopAlberta** et **@jvipondmd**, **@KashPrime**, **@DrEricDing**, **@Cleavon_MD**. Enfin, répétez à vos autorités sans cervelle que covid-19 n'est pas fini et qu'au lieu de vendre les vaccins anti-covid à votre population, elles doivent plutôt les leur offrir gratuitement; sinon la pandémie va durer éternellement! C'est peut-être pour cela que votre soi-disant roi fuit pour aller vivre peinard à Zurich en Suisse!

*)

Waiting to see how to solve Prayut's expensive pork problem. I hope not to order soldiers to raise pigs.
