

Tomorrow is election day. It's important for Canada, **your vote counts**, especially in this difficult time of the **illegal** war by **the United States and Israel** against Iran, **Russia's** war against Ukraine... The blood of innocent civilian victims flows every day in Ukraine, Iran, DRC, Lebanon, etc... So, it's time to mobilize to help **Mark Carney** get a majority so he can act. Imagine: We only have 24 hours in a day, but **Carney** has to fight for the economy at home and abroad, including looking for other, more reliable partners so that Canadians suffer less, while mobilizing other leaders to **denounce** the criminal Trump. The latter is a petty man who continues to destroy the United States. Not only did he demolish the East Wing of the White House, but he also damaged the excellent public golf course in East Potomac by digging up dirt so that he could take it over and turn it into a private Trump club, according to **Anders Aslund**. So, **MY FRIENDS, vote Liberal**. Most importantly, your vote helps strengthen Canada's position in the world. **Apr 12, 2026**

Demain, c'est le jour des élections. C'est important pour le Canada, **votre vote compte**, surtout dans ce temps difficile de **la guerre illégale** par **les États-Unis et Israël** contre l'Iran, celle de **la Russie** contre l'Ukraine... Le sang des victimes civiles innocentes coule à flot chaque jour en **Ukraine, en Iran, en RDC, au Liban, etc...** Donc, Il est temps de **se mobiliser** pour aider **Mark Carney** à obtenir **une majorité** pour qu'il puisse agir. **Mes Amies**, Imaginez : Nous n'avons que **24 heures** dans une journée, mais **Carney** doit se battre pour l'économie au niveau **national et international**, notamment en cherchant d'autres partenaires **plus fiables** afin que **les Canadiens souffrent moins**, tout en mobilisant d'autres dirigeants afin de **dénoncer le criminel Trump**. Ce dernier est un homme mesquin qui continue de détruire les États-Unis. Non seulement il **a démoli** l'aile Est de la Maison-Blanche, mais il a aussi **endommagé** l'excellent terrain de golf public d'East Potomac en faisant creuser de la terre pour pouvoir s'en emparer et le transformer en club privé Trump, selon **Anders Aslund**. Alors, **MES AMIS, votez libéral**. Surtout, votre vote contribue à renforcer la position du Canada dans le monde.

***)Anders Aslund** : Trump's destruction of DC proceeds.

Not only has he demolished the East Wing of the White House.

He has also damaged the excellent public golf course East Potomac with mud dug out there, so that he can take it over & turn it into an exclusive Trump country club.

***)At least 30 people were killed in a single attack on the village of Bafwakoia in Ituri province, DRC this week, the latest in a sustained wave of violence that has claimed more than 100 civilian lives and left nearly 390 people abducted across the province since mid-March alone.**

Anton Gerashchenko : Russian-occupied Oleshky, Kherson region.

Yet another city destroyed by Russia's "liberation".

Russia is effectively keeping the city under blockade: without fuel, electricity, medicine, and food. About 2,000 people currently remain in the city, including fifty children.
